TO W. LEROY WHITE

It seems appropriate that this 1960 Annual Report of the Town of Sandwich, New Hampshire, should be dedicated to our fellow townsman and selectman, Mr. W. Leroy White, in token of his long and faithful service to the Town. Because of recent illness, Mr. White feels he is no longer able to continue the duties which he handled so capably in the past. He has therefore, with deep regret, tendered his formal resignation and the Board has accepted it reluctantly.

It is readily agreed that Mr. White's knowledge of Sandwich lands and timber — and history — is second to none in town. His legal talents, his good common sense and great affability have made him a source of help to all concerned with town government over a long period of years. To the School District he also rendered good service as clerk, a post he has now relinquished.

Mr. White has always had an interest in the young people of town, particularly the Boy Scouts and the boys of Camp Hale, to whom he has opened his woodlands so they might share with him the study of woodlore and wildlife. And it will be remembered that our present young ski group got its start last winter on the slopes at Chestnut Manor. Another nice thing done by Mr. White was the gift to the State of New Hampshire of a scenic rest area on Route 25; and to the Town he has given a deed to the beach area at Bearcamp Pond. The church, the Masons, the Historical Society have all known his generosity.

We feel sure that the people of Sandwich will join with us in wishing for Mr. White a comfortable convalescence and a happy retirement blest by friends and a lifetime of good memories.

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

Forest Fire Warden's Report

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. YOU can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires — none.

Number of acres burned — none

Number of permits issued — 91.

A preliminary report of the Committee on Roads and Bridges, approved by the Planning Board, has been transmitted to the Selectmen, together with recommended articles for the Town warrant, 1961.

A large map of the Town has been turned over to the Chief of the Fire Department, for its use.

Names for the Town roads have been recommended to the Selectmen to be officially designated, and a Town map to be officially adopted, on which the designated names of the roads and highways will appear. Copies of such map will be made available to Town departments and all persons wishing to have one will be able to get it at reasonable cost.

The Planning Board has initiated a study of the wooded areas of the Town and those reverting to woodland, with a view to discovering their extent; how much is under management; their potential as a resource in the Town, and to formulate recommendations for the development of this resource.

The County Forester and the professional foresters working in Sandwich agreed to assist in this study, but the unfortunate sudden death of Theodore F. Breon, the County Forester, is holding up progress in the study until the new-

ly appointed County Forester, Arthur C. Dodge Jr., is able to give it his time.

A study has been initiated of the need of added industry in the Town, to generate added employment, particularly in winter. This will take some time to develop.

The Planning Board and its committees include some 35 persons who are studying the problems of the Town. ANY suggestions are always welcome.

Report of School Nurse

Free vitamin pills were given all elementary school children with permission of their parents. These pills were supplied by the Red Cross.

The Future Nurse's Club of Quimby School visited Ashland F. N. C. on January 7th and the seniors visited Laconia Hospital and Nurse's Home January 27th. In March, Mrs. Albert Hoag invited the group to her home for one of our meetings. On April 14, 1960 the F. N. C., with others, made a trip to a demonstration at Crotched Mountain.

On February 4, a Flu Clinic was held at the school auditorium. 400 shots were given. 84 were children from the Central School and 35 were from Quimby.

Hearing was checked with the Maico machine and notices sent home to the parents if any hearing loss was found.

Annual vision tests were completed and the questionable ones rechecked. A notice was then sent home suggesting further examination by the family eye doctor.

Heights and weights of each student were checked in May, September and October. Frequent individual inspections for cleanliness were also made throughout the year.

The usual welfare and social work continued whenever there seemed to be a need.

A pre-school Registration Day was held May 27, 1960 with 14 children attending. This day is set aside each year for the children entering school the following September to become better acquainted with the teachers, school and school nurse. Mrs. Madeline Given, dental hygienist, was also present showing each child and parent the necessary, healthful care of the teeth.

On June 7th, a Salk Polio Clinic was held especially for school children. 84 elementary and 30 Quimby students received the vaccine. On June 16th, another Polio Clinic was held at the Central School Auditorium.

46 physical examinations were completed in September at Quimby School by Dr. Aleksander Ratsep, School Physician and in November, 103 examinations were completed at the Central School by Dr. Ratsep.

In December, T. B. Patch Tests were applied to 95 elementary students and 46 Quimby students. This part of the School Health Program we do in each school every two years. Any positive reactions are followed with a Chest X-Ray.

The nurse made 49 school visits to Sandwich Central and 44 to Quimby School.

59 home visits were made in the Sandwich area.

The cooperation of all those connected with the School Health Program has been sincerely appreciated.

Respectfully submitted,

Report of Superintendent of Schools

To the School Board and the Citizens of the Sandwich School District: I respectfully submit my sixth annual report as your Superintendent of Schools.

General

Today there are over 50,000,000 individuals enrolled in some type of educational institution in the United States. Although education is a function of the State Government, the control is left with local communities and elected representatives of such communities. The citizen, by his payment of property taxes, supports a major portion of this vast undertaking in what we call the democratic process.

There is much evidence that there has been increased interest in education in recent years. Much of this interest has been brought about by such reports as the Conant Report, The White House Conference on Health and Education, the various television programs relating to the educational process, and the emphasis for state-aid for education.

This is a legislative year and each citizen should make it a point to be aware of some of the impending legislation which will pertain to educating the mentally handicapped, transportation of school children, increased school building aid and the per capita tax assessment of school districts.

Our representatives and our attendance at hearings are avenues for communicating our thoughts on the problems dealing with the education of our children.

Staff

Mrs. Elizabeth Plummer, a member of the staff for a number of years was appointed as Principal-Teacher assuming the duties of Mr. T. William Thorndike who accepted a teaching position in his home town of Exeter. Mr. Richard Person, a resident of Moultonboro and a graduate of Plymouth Teachers College, was elected as teacher of grades 7 and 8. Mrs. Eleanor Wiggin, teacher of grades 1 and 2 for the past two years, accepted a position in Florida, and Mrs. Nancy Davock, a graduate of Plymouth Teachers College, was elected to fill the vacancy.

Mrs. Louise Olivier, a former teacher in Massachusetts, joined the staff as a "Teacher's Aid" in grades 1 and 2, due to the large enrollment in that room.

The high quality of education in Sandwich is directly related to the staff that is so competent, conscientious and devoted to their work. The school reflects their attitude toward

education and your children are, to a great extent, the product of their handiwork and influence. Much of the credit for your school being so good is due to the untiring efforts of the staff in seeing that every opportunity for quality of education is made possible. Every opportunity is taken to attend workshops, extension courses, and participate in summer school programs in order to gain new ideas and ways of enriching the program.

Building Maintenance and Equipment

Mr. Mudgett continues to do an exceptionally fine job in keeping the building clean and the grounds well kept. It is true that bricks and mortar do not make a school, but when a school plant is kept in good repair and well cleaned, it can lend much to educational efficiency. This past summer the sink counter tops were replaced. The following pieces of equipment were purchased; reading table, science demonstration table, science kits and an auto harp for music classes.

School Lunch Program

The lunch program is operating very efficiently under the supervision of Mrs. Maevina Smith and Mrs. Ramona Burrows as assistant. The dish washing machine that was installed last year is a big help in maintaining cleanliness and sanitation.

P. T. A.

The P. T. A. has had many interesting programs that have been very helpful in bringing the parent, teacher and community closer together.

Educational Television

The four classrooms have been wired for reception of the educational T. V. programs from station WENH-TV at Durham, N. H. Music for grades 1 and 2; Science for grades 3, 5 and 6, and New Hampshire History for grade 4 are viewed for approximately 15 to 20 minutes each week. Well structured television programs do a great deal in supplementing the classroom presentation.

Transportation

The transportation of the children in any district is a big problem, especially combating the elements, and we are very fortunate in having a group of transporters that are so capable and understanding of their job.

Quimby School

The high school needs of the community are very well met with the excellent program that is being presented at Quimby School. Mr. Albert Hoag, Headmaster and the Board of Trustees; Mr. William Hacker, Mr. Richard Ford and Mr. Roger Merriman, are to be complimented for the way in which they have brought about changes so that Quimby School is one of the approved comprehensive High Schools in the state.

The new library, foreign language laboratory, business education department, industrial arts shop, modernization of the science laboratory and driver education program have been big steps in helping better meet the needs of the high school boy and girl of today.

The instructional staff is very competent and has a fine educational background which accounts for the high quality of education which can be measured in the number of students that go on to pursue further avenues of education after graduation.

Conclusion

In closing, I want to thank the School Board for its excellent support and for its display of fine judgement in connection with the handling of all problems attendant under the operation of the schools. I also wish to express my personal appreciation to all my fellow workers, teachers, school nurse, custodian, lunch program workers, substitute teachers, transporters and members of the community who have shown such willing cooperation during the past year. I look forward to your continual help for the coming year.

Respectfully submitted,

Martin E. Heffernan

Sandwich Central School

Report of Principal

Sandwich Central School opened last September with an increased enrollment. The eager youngsters, 107 in all, seemed glad that a new school year was starting. They were anxious to see the new teachers and to learn what new lessons were in prospect for their searching minds.

There have been many new changes in our school personnel this year. Mrs. Eleanor Wiggins, who taught grades 1 and 2, moved to Miami, Florida to teach a first grade there. Mrs. Nancy Nay Davock came from a teaching position in Limestone, Maine to fill the vacancy left by Mrs. Wiggins. Mr. T. William Thorndike, former principal and teacher of grades 7 and 8 accepted a teaching position in the English department in Exeter, N. H. Mr. Richard Person of Moultonboro, N. H. is doing fine work with grades 7 and 8. He is now president of the Sandwich P. T. A. filling the vacancy left by Mr. Pope Barney's resignation. Mrs. Marion Berry is continuing her excellent teaching in grades 3 and 4. Mrs. Elizabeth Plummer is working with grades 5 and 6. She also has the added position of principal.

It was apparent, soon after school started, that 34 youngsters in grades 1 and 2 made too large a class for one teacher. Mrs. Louise Olivier, who had worked with some pupils on a private basis last year, was engaged to assist Mrs. Davock as a teacher's aid for two hours each morning. This has been extremely beneficial to the boys and girls. This program in grades 1 and 2 has been most successful and has really given these youngsters a good start on their road to education.

Mr. Bruce Heald, music supervisor, continues to work in our music department. This past year he has been working with a new glee club, which performed very nicely at our Christmas program.

The Rhinehart Handwriting System, under the direction of Darrell Robertson, continues to improve the penmanship of the children.

Many health clinics have been held in the school auditorium this past year. Flu and booster shots were administered by Dr. Harold Conrad. Dr. Conrad, school doctor for several years, moved to Pittsfield, N. H. to practice medicine in that area. Dr. Aleksander Ratsep replaced Dr. Conrad as school doctor and gave the children their annual physical examinations this fall.

Mrs. Amy Brown, school nurse, visits school every Monday and has been happy to come to school on many other days when we have needed her. Mrs. Brown has worked closely with the faculty in supervising the health program of the school. Conferences with each teacher have proved most helpful in understanding the health problems of the children.

The Red Cross of Sandwich has again provided vitamins for all school children who want them. These vitamins are in a chewable form which the children like!

The school hot-lunch program under the direction of Mrs. Mae Smith, who replaced Mrs. Helen Heald, continues to be very successful. Mrs. Smith and her assistant, Mrs. Ramona Burrows, serve well balanced lunches very efficiently. The meals are always on schedule, which is a must when serving so many children in such a short period of time.

Mr. Frank Mudgett is ever faithful to the job of keeping the school clean and orderly. This is a tremendous job and we are proud of the appearance of the school.

As the school budget permits, books and equipment were purchased to improve the school program. The S. R. A. Reading Program was introduced to our school. The children have enjoyed this as they have learned to read in a scientific manner. A portable science laboratory has proved most interesting and educational. A large Webster's Dictionary has been especially appreciated by the upper grades. Reference books and a new set of encyclopedias have also been purchased.

Registration Day was held last May 27th in the first and second grade room. Fourteen potential first graders, mostly boys, visited school with their parents. They became acquainted with the school, their classroom, and the playgrounds. They also met the school nurse and teachers. After a busy afternoon refreshments were served.

The Safety Patrol has been a part of the school program for several years. These youngsters work hard to make the trip safer for all children who walk to school. Carol Whitehouse as captain and Evander Hawes, III as lieutenant supervise the following pupil patrolmen: Linda Taylor, Carol Nelson, Anne Susan Tilton, Harriet Willoughby and Geoffrey Burrows. These youngsters were appreciated and respected by their classmates and teachers. They gave faithfully of their time to the duties assigned by their captain.

Visual aids are most important to modern education. Educational Television teaches science, history and music in the classrooms each week. This past year we joined the U. of N. H. Film Library Program and have been using many

fine films throughout the year as related to social studies, nature and science. Our filmstrip library is growing and has been most helpful in many classes.

This has been a busy and interesting year. A worthwhile project, which had everyone working, was started early last fall. With the help of the boys and girls, parents, friends and teachers, the Sandwich Central School Library became a reality.

The pupils and teachers had long realized the need for a library. The purchase of new reference and other books this year increased the need for finding a way to share these fine books. A library meant many books, so the school adopted the slogan, "Each One Bring One". Soon each child had brought one or more books for their library. The School Board, very soon provided many shelves for the library.

Mrs. Sylbert Forbes, town librarian, was most generous with her time in helping to organize the library. For several weeks she worked with small groups of children preparing the books for circulation. The big opening day came November 21, 1960.

The school appreciated the parent-librarians who supervised a two-hour library period from 1:00 to 3:00 each Tuesday afternoon. Mrs. Nancy Metcalf, Mrs. Jeanne Brown, and Mrs. Sylbert Forbes have been most helpful in making the school library a success.

Mr. Martin Heffernan, superintendent of schools, and the Sandwich School Board have been most anxious to encourage and assist the faculty in their work with the pupils of Sandwich Central School. They have visited school often and have shown genuine interest in the field of education.

Respectfully submitted,
ELIZABETH N. PLUMMER
